

Controlling hearing aids has never been easier

Change programs

Adjust volume

It's never been easier or more discreet to control Beltone hearing aids. Using the Beltone HearPlus™ app, clients can change volume, settings and programs, check battery status and even locate a lost hearing aid directly from their iPhone®, iPad® and iPod touch®. It's as discreet as checking email or typing a text message. Clients can also use tips and tricks in the app's "My hearing aid" guide to get the most out of their hearing aids.

Offer your clients something truly revolutionary. Free of charge. Explore the possibilities at www.beltone-hearing.com/hearplus
